

Recovered Desk Chair

This stylish revamped desk chair will keep you studying at your desk in style. A cast-off dining room chair from Savers/Value Village, coupled with fabric from a men's shirt, are all you need for an instant furniture makeover.

Cost:

- \$6.99 Men's dress shirt
- \$9.99 Chair

You Will Need:

- 1 large men's shirt in fabric pattern of your choice (cotton button down shirts are durable and work well)
- Old chair with cushion
- Staple gun
- 1 bottle spray paint in your color choice
- Craft glue

Instructions:

Step 1: Carefully remove seat from the chair (use a screwdriver to help pry it off as needed).

Step 2: Spray paint the chair and allow to dry completely.

Step 3: Wrap the top of the seat cushion with the back of the men's shirt.

Step 4: Use the staple gun to attach the fabric to the back of the seat cushion along one edge; place staples approximately 2" apart.

Step 5: Pull the fabric tight across the seat to the opposite side and attach with staple gun.

Step 6: Repeat steps 4&5 with the remaining two sides of the seat.

Step 7: Pinch the corners of the fabric together and fold down to create a perfect edge; pull taut and attach to back of cushion with staple gun.

Step 8: Reattach the seat to the chair using craft glue
